

Training is vital to any organisational, personal development and growth plans. With the fast changes in technology and human development, ITDA sees the importance to build a training incubator for the decision-makers, coaches, the trainees and the investor in the training sector, which lead to the very successful 1ST TRAINING SUMMIT in London, that took place in August 2, 2015, Cumberland Hotel.

Aims

Identify the international trends in training, and discuss the with leadership in building Training Institutions to enable attendees to think and experience the field of training, through the review of many topics, including:

- Global training and standards
- Training in the global changing variables
- Training in the Developing world
- Preparation of national training and human development plans.
